### Product Information:

The Kennel-Gear Bin Feeders have been specially designed to provide a SECURE, SAFE, and CONVENIENT feeding systems for both operators and animals. The Bin Feeders are made of Galvanized Steel and all edges are rolled to create smooth surfaces along with each corner being rounded helping to prevent any harm to animals when eating. Utilizing our patented Piranha Lox locking system the Bin Feeders easily attach to kennels, fencing and solid surfaces and easily remove for cleaning and storage. Once attached in the mounting system the Bin Feeders are SECURE, no swinging, tipping or coming off. Save time and effort with our Bin Feeders, food stays where you want it and animals need it.

## Small Bin Feeder P/N 1060 \$94.95

# The Secure Feeding Solution for your Primates

KENNEL-GEAR...INNOVATIVE PRODUCTS FOR HOME AND BUSINESS

## Product Features...

Part Number: 1002-P MSRP \$38.95

Kennel-Gear's Primate Mount is your single solution to keeping feeding bowls/pails securely attached to your primate cages. Using our patented Piranha Lock locking mechanism your bowls and pails will stay locked in place until you simply release the locking lever with the Primate Mount Key. The Primate Mount can attach in any location on your cages easily requiring the primates to do a little work for their food (No Free Meals Here). All of our different size bowls and pails fit in the one mount. When not in use the Primate Mount is low profile keeping items from easily snagging.

- Constructed of aircraft-grade aluminum
- Guaranteed
- One of a kind locking mechanism that will provide you with security and ease of use
- Various bowls and pails sizes available
- Locks bowls to resist spills and playing
- Lock simply unlatches with a small key
- Made in USA
